

Pela Powder 11-1-1

DRY FISH-BASED FERTILIZER

A high-nitrogen dry product for programs requiring concentrated nitrogen.

PRODUCT OVERVIEW

Pela Powder 11-1-1 expands the BWF Banducci dry product line with a high-nitrogen fish-based fertilizer. It is intended for growers seeking a concentrated dry nitrogen source and is the newest addition to the product portfolio.

KEY BENEFITS

- Provides a high 11% nitrogen analysis
- Offers a dry alternative to liquid fish fertility programs
- Designed for programs requiring concentrated nitrogen
- Fish-based formulation
- Newest addition to the BWF Banducci product line

BEST FIT

High-nitrogen dry fertility programs and applications where a concentrated dry fish-based input is preferred.

GUARANTEED ANALYSIS

11-1-1
